*My multiple calls to you this year have been totally unanticipated and unexpectedly critical. Your prompt and efficient and concerned response have definitely been connected to the fact that I am still here at my advanced age of 95. Your presence is a major decision in feeling secure about going home in a few days. I will have part time help for a while and sincerely hope better health is on the way. Meanwhile, THANK YOU!*

November 4, 2010

Dear Bodega Bay Resident:

I would like to inform you of the state of your Fire District. Our mission is to provide the highest level of emergency and prevention services to the citizens of the district and visitors to our community in an effort to reduce the loss of life and property due to fire, medical, and other emergencies.

Last year we provided medical assistance to 213 people, worked 17 fires (structure and wildland), and answered 230 other types of calls (public assists-service calls-hazardous materials-false alarms). Our overall performance level, as rated by the people we helped, is excellent. We have three crews of 3 firefighters each (one Paramedic and two EMT's) and we provide coverage 24 hours a day, seven days a week.

### **Financially we face the following challenges:**

- The fiscal year that ended June 30<sup>th</sup> had a deficit of \$186,067.87.
- The current year budget is trending to a deficit of about the same proportion as last year, despite raising the special tax to its maximum rate of \$130.00 per unit.
- State and Federal regulations continue to create more cost with no relief or reimbursement proposed.
- The County continues to raise fees in its own effort to offset the loss of revenue which creates more expense for us.
- We continue to use reserves to meet current and future budget obligations.

We are working closely with our union to minimize budget overruns. Our Fire District held salary and benefits flat for the current fiscal year.

To help increase our revenues, we looked at our rates and found they were not in-line with other ambulance providers, and that in some cases we were not covering our costs. We have increased our rates so they are competitive with what other Sonoma County ambulance providers are charging. Don't forget, residents do not have to pay for medical services not covered by insurance. We will continue to look for outside sources to generate more revenue, not from taxpayers, until all other options have been exhausted. The State and County own or have a vested interest (think beaches, parks, and open space) in almost half the land mass of our Fire District. They do not pay taxes and pay very little in service fees (if any and for many reasons). Visitors to the Fire District are billed for the paramedic and rescue services they receive, however unlike property owners, they do not provide funding for the availability of the services.

We have started conducting strategic planning sessions and will be looking for your input very soon. In the meantime, I invite you to look us up online at [www.bodegabayfire.com](http://www.bodegabayfire.com). We have a blog site you can access through our website as well.

Sincerely,

  
Sean Grinnell  
Fire Chief

**VOTE:** 3-0-2 absent.

**14. BBFPD involvement with Sonoma County Fire/LAFCO study:**

Chief Grinnell introduced Chief Aston of Sonoma County Fire and Emergency Services. Chief Aston appeared before the Board to discuss a study that was to be conducted regarding greater collaboration between Bodega Bay Fire, Monte Rio and Russian River Fire. The intent tonight was to determine if BBFPD was still interested. He explained that the goal in bringing these agencies together is economy of scale and cost sharing. They study will examine the financial advantages of a greater use of combined resources. Director Anello commented that without a full Board present, they were not ready to make that decision tonight. A lengthy discussion ensued about the pros and cons of consolidation and JPAs. The Board also reported to Chief Aston about their past experience of sharing with Russian River Fire. Director McElhiney stated that she did not feel this was a good time to revisit consolidation with Russian River and noted that there were still some hard feelings. Chief Aston stated that he can appreciate the Board's reluctance, but stated all he can do is offer the opportunity for Bodega Bay Fire to participate in the study. He also stated that we have worked hard to build this District and we should be proud of it. The Board decided to talk it over with the other Board members and asked Chief Aston if he would be able to return at another date to present the study to a full Board. Chief Aston said he would be more than happy to do so.

**15. FIRE STATION 2:**

Chief Grinnell reported that he should have a contract with Cal Trans by noon tomorrow. He will be making copies of the keys. There has been no word as to the State Park aspect of Station 2, but we have been asked to maintain the buildings. Chief Grinnell will look over the contract with Mr. Arnone and if all is as we agreed to, it will be signed.

**16. TIDINGS NOTICE:** None.

**17. NEXT MEETING:** The next Regular Board Meeting and Public Hearing will be Tuesday, November 9, 2010 at 7:30 pm.

**18. ADJOURNMENT:** Director Anello commented that a second Board Comment item was not included on this agenda. Admin assistant noted this for the next agenda. Motion to adjourn at 8:19 pm by Director Anello, second by Director Briare.

**VOTE:** 3-0-2 absent.

TO: Board of Directors  
FROM: Sean Grinnell, Fire Chief  
DATE: 11-5-10  
SUBJECT: Financials  
Cc: File

A handwritten signature in black ink, appearing to be "S. Grinnell", is written over the name "Sean Grinnell, Fire Chief" in the "FROM:" line.

Expenditures for October equaled \$113,818.08 and for the year to date \$545,341.50 has been spent (30.7%).

The corrected revenue amount for October is \$18,858.97, an error was made at the County level when Russian River ambulance revenue was added to our amount. That is why you will see the negative value of \$38,767.70 which was their revenue backed out of ours.

Cash on hand is \$141,061.34.

Revenue and expense sheets, as well as October expenses are attached.
